Guideline 1105 (decommissioned)

Porous Concrete Blocks and Elements (decommissioned)

Version: Nov. 2, 2026
for the awardance of the eco-label

decommissioned

Introduction

This guideline was decommissioned on 24 March 2025 by a resolution of the Criteria Commission and the Executive Board.

Products certified in accordance with these requirements remain valid until the end of the licence period and must continue to comply with the requirements of this guideline.

The product group described here is covered by GL1101 Masonry building materials.

1 Application Areas

The following criteria contain the requirements for the awardance of the natureplus eco-label for porous concrete blocks and elements for walls. This awardance guideline is to be applied exclusively to the named product group.

2 Award Criteria
